Measurements

We will provide you with uniforms of standart sizes to try on at your location

or

We will provide detailed size table and video explanation on how to measure yourself

or

We invite you to come to our office in Vilnius for precise measurements

Physical and online warehousing

Physical warehouse

- We take care of uniform storage, stock tracking and maintenance. If you need to dress up a new employee already tomorrow – we've got you covered.

Online ordering system

- Each employee will have a personal log-in. Simple ordering and delivery straight to their doors.
- Managers can follow the process, stock and forecast demands.

Sustainability

Sustainable disposal

We are among the few companies that arrange for the sustainable disposal and recycling of uniforms.

Green vision

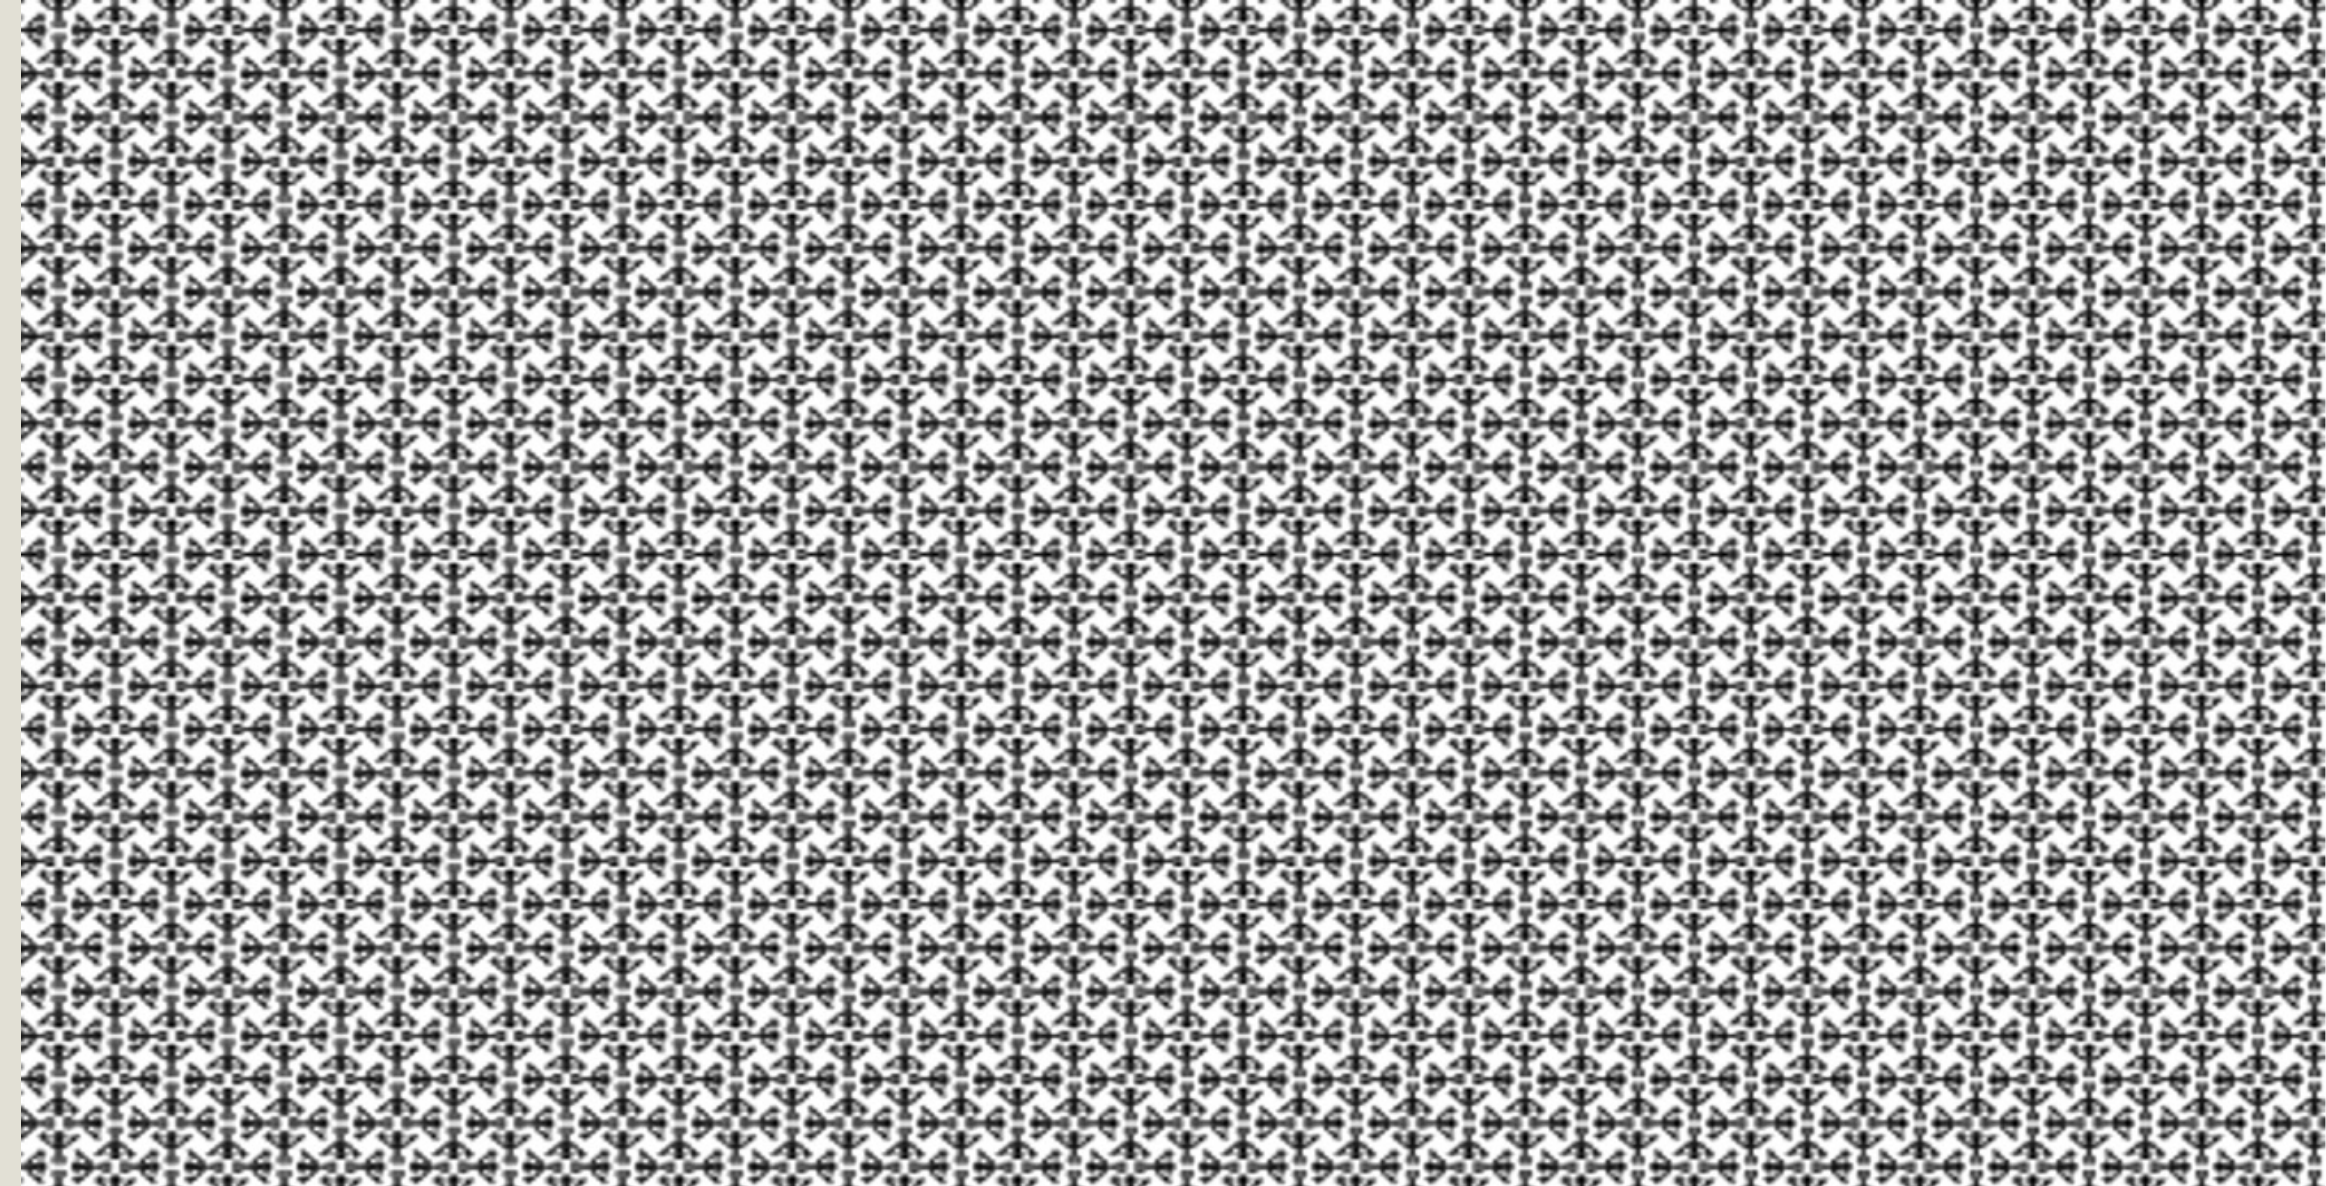

We collaborate with fabric suppliers who are committed to environmental management.

Eco-friendly fabrics

We offer recycled ocean plastic, Tencel and seaweed fabrics, and those made from thread leftovers or scraps.

Consumer advantage

Be green – be smart. Take care of future generations and the Earth.

Our clients

Testimonials

We entrusted the tailoring of aircraft attendant uniforms to the Youniformer team, and we haven't been disappointed in the slightest. We are **satisfied** with the result and **recommend** this company to others. Throughout the tailoring process, we observed employee attention to detail, their professional problem-solving, and their commitment to quality assurance.

HESTON AIRLINES

Testimonials

We have been working with Youniformer for years. Trust and willingness to work together are encouraged by the company's employees' focus on the client and their needs, team flexibility and speed. We demand quality – we want our employees to feel their best in their work clothes. That is why creating an image that would suit and please several hundred people is a big challenge. We are happy that the Youniformer team has **met this challenge very well indeed.**

BITÉ

Testimonials

In cooperation with Youniformer, I am most **impressed** by the company's ability to find the balance between the human approach to the client and the modern digital solutions we offer. While digital solutions facilitate the online picking and matching of dozens of clothing items, the team on the other side of the screen **always helps to find bespoke solutions.** Youniformer team are real professionals in offering something that will reveal identity.
